DEADLINE

Enter by 3pm on Saturday 13 August and your team will start scoring from the first day of the season.

Judges decision final and no correspondence will be entered into.

HOW TO SCORE

PLAYERS score points in Premiership, Champions League, UEFA Cup, FA Cup and Carling Cup matches from Saturday, August 13, 2005 until the final game of the season. Qualifying rounds for the Champions League do NOT count.

Three points are awarded to a player given a mark of seven or more in The Sun's individual ratings carried with every match report. A five-point bonus is awarded to The Sun's Dream Team Star Man.

Five points are awarded for a goal scored. A player scoring three or more goals per game gets five additional bonus points.

A goalkeeper or defender who keeps a clean sheet scores five points. If they concede one goal, they score no points, two goals -1, three goals -2 and so on.

A midfielder whose team keeps a clean sheet scores two points. Midfielders are not penalised if their side concedes goals.

Any player who is booked loses a point. A player sent off loses three points in total.

A keeper who saves a penalty scores three points.

Any player who comes on as sub scores or loses points as if he had played all 90 minutes. Players taken off also score or lose points in normal fashion regardless of how long they were on the pitch.

The season's top-scorer earns a 20-point bonus.

Keep up to date with your progress in SunSport each week, online at the Dream Team website and on your mobile phone via regular text message updates.
