## Cypress Football & Drill Team Alliance, Incorporated

Dear Partner,

The Cypress Football & Drill Team Alliance (CYFDTA) would like to provide you with the opportunity to help your business grow, and at the same time help out the boys and girls in our community. Our organization is now soliciting sponsorships and advertising space to raise funds for the upcoming football and drill team season..

As a non-profit organization, CYFDTA depends on the community for support. The funds raised provide scholarships for the programs, and also helps keep the registration fees reasonable for all of the families. Our league continues to provide football (tackle, NFL Flag), physical conditioning and drill team programs for the youth of our community. Without the outstanding continued support from the businesses within the Cy-Fair community, this program would not be the success it is today.

In addition to half-time activities at football games, the drill team also competes in a year-end competition with other drill teams in the league. Both the boys and girls benefit from the physical fitness and teamwork associated with working towards a common goal.

Please take a moment and look at the different sponsorship levels on the form and determine the type of sponsorship you could provide. All CYFDTA members receive a list of the booster club sponsors along with a letter encouraging them to support these establishments. The parents appreciate the businesses in the community for stepping up to help out the youth of the Cy-Fair area. Any support will be greatly appreciated.

There is a sponsorship form on the back of this letter to make it easy for you to support the youth of the Cypress area. All board members are volunteers and 100% of the donation goes directly to program operations.

Sincerely Yours,

Mark Threlkeld, President  
Pat Schoeller, Vice-President (Fund Raising)
