

Orlando Edge and Florida Wildcats Start Hot at AAU State

The Orlando Edge began their quest for their first ever AAU State Championship this weekend versus the Orlando Comets Red 12U on Friday night. Although never playing AAU the Edge are a huge favorite this weekend in Clearwater and look to make a strong showing this year even on the national level. The Edge who FGB has covered in the past looked just as dominant this weekend versus the Orlando Comets Red. The Edge won their opening game of the AAU State Championship in fashion by a score of 55-19. One player on the Edge with a few state championships under her belt is super 7th grader Sydnei McCaskill who's basketball IQ just is through the roof. McCaskill was playing one or two passes ahead of any of the

Comets players and was key to their success. Team Edge point guard Taryn Griffey is as quick as lightning, pushed the ball up the floor throughout the game finding Shannon Cranshaw on the wing and Karrah Johnson inside. Shannon Cranshaw had an excellent shooting day as she hit multiple three point field goals. Karrah Johnson dominated the paint on both ends of the floor in the Edge's win. Alexis Brown did all the little things the Edge needed in their win from handling the ball, scoring in transition, and knocking down shots. In the end the defensive pressure by the Edge was

Alexis Brown did all the little things the Edge needed in their win from handling the ball, scoring in transition, and knocking down shots. In the end the defensive pressure by the Edge was

unanswered by the Comets and the Edge became on step closer to their first state championship.

10 minutes away another Orlando team was looking to win their fifth AAU State Championship. The Florida Wildcats who are one of the top teams in Florida got off to a slow start versus a very good and fierce Florida Extreme team but pulled away late to win by 20. In their second game the Florida Wildcats were in rare for versus Leesburg TGFB where they were up by 30 by half time. Sunday the Wildcats will start their championship tournament by facing the Gainesville Warriors in the semi-finals and Orlando's

Finest in the championship game if the bracket plays out as we expect. The Finest and Wildcats are one of the biggest rivalries in 14U AAU and that looks to be a big time match up Sunday in Clearwater.
