

# About the Fort Worth Avengers

The Fort Worth Avengers are a non profit semi-pro football team dedicated to the preservation of sportsmanship, hard work and dedication on and off the field.

Our goal is to provide opportunities and give hope for families and individuals in need. Whether it be a night out enjoying a Fort Worth Avengers football game, a kind word of support and encouragement to a child or from the many food drives, donations and outings for children with cognitive and physical disabilities we provide, we will continue and strive to help those in need. The Avengers believe in the importance of family and helping your community.

Through the sport of football, we are able to not only help at risk youth and families in need, we are also able to provide a positive experience of a great football game for fans, families, and teens. We would not be able to provide this support without the commitment and dedication of our local sponsors and fans. They are the stepping stones to a better tomorrow. Through these companies, as well as members of the community, we have been able to give individuals and family's food, clothing and toys, while also providing an innovative and positive way for children, teens and families to be entertained.

We look forward to beginning a relationship with you and your company. Attached we have listed the multiple sponsorship package options for you to consider. Please contact your team representative with any questions or to begin your sponsorship of the Fort Worth Avengers!
