

Fall Baseball Registration 2009

Dear H.A.A. Member,

We at Hampton Athletic Association invite your child to participate in our Minor League or American League Fall Baseball program.

Fall baseball is a recreational introduction to baseball at the next level for our players. We play our "Fall Ball" kids in the league in which they will be playing the next Spring. We also understand that in the Fall, baseball is a second sport for many of our young athletes. For both these reasons our rules, schedules, and requirements are a little more relaxed than they normally would be during the regular season.

Please return your filled out form by August 15, 2009. Because all of our games are played on a few week nights and the weekends, we must limit the number of teams that can participate. **Please send your form in early to avoid being shut out of playing this fall.**

See you in September.
