How it works

"LEARN TO PLAY" provides 6 & 7 year olds with an opportunity to practice the progressions necessary to eventually take part in the game of softball with a reasonable amount of skill. The program offers different games for the children, which are easy to learn and are fun. It is designed to provide recreation and exercise as well as teaching the basics of how to hit, catch, throw and field a ball.

The season starts Saturday, May 2 and runs until Thursday, June 25. Play is from 6:30 to 7:30 pm Thursdays and 10:00 to 11:00 am Saturdays. Register Early, space is limited to 40 girls!
