

THE GOAL POST

History

The KPFA is a proud to be a Charter Member of the Keystone League. The 2005 season is our 50th year serving the community, and our last year at Walker Field.

Begun in 1956, and incorporated as a non-profit organization in 1963, the Indians have grown from a first season of play in a cow pasture, to a significant youth athletics organization that teaches boys and girls of our community the principles of good character development, responsibility, sportsmanship, fair play, leadership, respect for rules, regulations and other people. They also learn the importance of achievement in their scholastic activities. These objectives are reinforced by providing supervised, competitive football and cheerleading activities within a program that promotes good character development. Providing a positive experience and proper molding to our future young men and women is our primary goal and winning is secondary. It is intended that the KPFA be community-oriented, and that it shall warrant the stewardship of the community in terms of time, talent and financial support on behalf of the children participants.

The KPFA is a proud to be a Charter Member of the Keystone League.

Success continues to bless the KPFA

- Our Competition Cheerleading Squads have won so many events over the past few seasons that we need to build a new trophy case! And in 2004 the Junior and PeeWee Squads even took their show on the road to Detroit Michigan for **The Junior Olympics and National Cheerleading Championships** GO GIRLS!!
- In 2003 the 75V team won the league championship. Before that, the 65lb & 75lb Football teams both won their divisions before finishing second in the National Conference Championship games in 2001.
- We were also pleased to have had a group of players from the 75JV, 75Varsity and 90lb teams invited to compete in **The 2002 Keystone Classic Invitational Football Tournament** and the boys had a great time and great results in splitting the tournament with a big comeback victory and a narrow loss against 2 highly ranked regional programs.

We are looking forward to an exciting season and we invite you to come and join us to support our boys and girls in action as they practice and compete in a great learning environment.
