1. The above listed fields are assigned to teams for unlighted practice sessions by commissioners. Teams scheduled for practices may use these fields until 7:00pm.
2. Lighted practice sessions are from 7:00pm - 8:45pm and must be reserved through MBI.
3. The cost for the lighted sessions will be **\$35** and must be paid to MBI prior to or when the lights are turned on.
4. Teams may request lighted sessions via email to: kfirefr@tx.rr.com beginning on 2/9/12. Initially teams may only schedule one session per week. However, on the Friday before the upcoming week if space is still available MBI will allow additional reservations.
5. As part of our agreement with the city, lights will be turned off by 9:00pm. Please have your team and equipment off of the field by 8:45pm. The MBI volunteer will not wait to turn the lights off.
6. Fields are subject to rainouts per the City of Mesquite.
7. Teams that use MBI bases are responsible for putting them back in the base boxes and locking the boxes!!!
8. Teams are also responsible for putting all trash on the field, dugouts and in the seating areas in the trash cans before you leave.
9. Teams that do not follow these rules will lose the right to use lighted practice fields.

This is the first time that the City of Mesquite has allowed MBI to do this for our teams. We need to follow the rules so we can continue to have this privilege in the future.
