

METRO BALTIMORE

Eastern Region Team books for the post season shall be setup in the following matter for the 2009 season:

Page 1: Will be the team roster.

Pages 2-4 : Will be the Head Coach ID Form along with their Certification page dated within the last three years.

Football Books shall be in number order with Older/Lighter's first.

Cheerleading Books shall be in Alphabetical order.

The best way here is to have four (4) plastic sheets for each participant after the above info.

Pages 5 & 6: looking at the first plastic sleeve to the left you would see the photo (if not using ID Cards) and Official ID form (possible sample in this book), opposite this and to the right would be the proof of age (birth certificate).

Page 7 & 8: The next plastic sleeve will have the Medical History Form on the left and opposite that on the right would be the Physical Form from a Medical Professional.

Page 9 & 10: The next plastic sleeve will have the participant contract on the left and parental consent form on the right.

Page 11: The final sleeve will have the proof of scholastic fitness or report card on the right.

This way everything is seen without having to pull and replace all the contents.

No participant shall be eligible without this proof and if proof cannot be provided said participant will be removed from the roster for the remainder of the season. Teams shall always carry this information with them to all events. Failure to provide any of the above info shall result in said player to be deemed ineligible for the scheduled game.
