

INSTANT RECOGNITION KIT

CONTENTS:

5 Tiger Cub Pocket Totems imprinted with a tiger paw, to be hung by the tab to the button of the right shirt pocket; 20 12-inch laces; 25 each white, orange and black achievement beads.

Attach as shown in diagram on the right. When first achievement bead is earned, string on lace and thread end of lace back through the top to the bead to secure it.

PURPOSE:

Tiger Cub dens use this kit to recognize boys for their participation in den, family, and Go See It activities. This kit is an integral part of the advancement program for Tiger Cubs. It recognizes boys more often and eliminates long waiting periods. It is hoped that participation and activity remain the core of the Tiger Cub program and that incentives are motivators rather than the final goal.
