

Sam Bass Members:

The Board of Director's wishes to relay a message from the Round Rock City Council, beginning spring of 2009 the fields we currently call home will no longer be available to our league. The owners of the property are planning on moving forward with their corporate plans and goals. The City of Round Rock is proposing Sam Bass Baseball move forward in joining OSE and RRYB to form one city league. In doing so, city officials state our league members will benefit from utilizing the \$14 million the city has approved for upgrades to the OSE Complex; New fields, new concessions, new restrooms....new league. The name of the league or the board to run the league has yet to be determined with discussions set at a later date.

Sam Bass Baseball Board of Directors are inviting and encouraging you to attend a town hall meeting set for Monday June 11, 6:30pm at The Baca Center. For more information [click here](#). This will be an informative open meeting. City officials will be available for discussions and to answer questions. If you play baseball or you have a child playing baseball in the city of Round Rock, any concerns, ideas, thoughts, you may have with The City of Round Rock's proposal should be addressed at these meetings.

[Click Here](#) for the Project Newsletter that outlines the city's goal on this subject.

We encourage all Sam Bass members to participate.

Sincerely,

Sam Bass Board of Directors
"Where the Best Come to Play"
