League Philosophy:

The purpose of The Community House youth basketball program is to provide young players with an opportunity to participate in athletics in a fun and educational environment. We believe balanced athletic competition in a team environment promotes sportsmanship, cooperation, leadership skills, and the benefits of exercise and hard work. These are attributes displayed not only by elite athletes, but also by good students, conscientious citizens, and successful professionals. We expect the same good character to be displayed by players, coaches, and spectators this season.
