Camp Mission

This is my seventh year running camps and each year I have strived to provide a better wrestling experience to all ages and skill levels in the area. **Over the last year our club has decided to donate proceeds and profits from our camps to college wrestling in this state.** So by sending your wrestler to our camp you are also supporting college wrestling in this state.

The staff at our camp wants to provide an enjoyable, safe, and rewarding experience for your athlete. We also try to bring in the most exciting instructors possible, and this year is no exception. Because of the quality of instruction our camps always fill up, so register early, **space is limited.** This is sure to be a memorable experience for your son or daughter. The wrestlers always have fun. There isn't a better group of instructors for the price. Come work with our instructors and learn the newest technique from these champions. This is by far our most exciting group of instructors. Come be a part of it.
