Please write the date and how much money inside. Thank you.

## Pretzels...

- Spray cooking sheet with Pam spray – located in cabinet over sink
- Spray pretzels with water from water bottle
- Dip pretzels in salt – extra salt in cabinet over sink
- Place pretzels on baking sheet and bake approx 10 minutes – if frozen. Please keep an eye on them.

## Hotdogs...

- Hotdogs can be cooked either by boiling or frying. If you are boiling hotdogs, please keep the heat on low so the hotdogs do not split open. Also, please try to keep adding hotdogs to the pot to a minimum at the end of the night to avoid waste.

### Hamburgers...

- Hamburgers are cooked on the grill.

### Funnel Cakes...

- Funnel cakes are located in the freezer. When someone orders one, just drop it in the fry basket and cook a few minutes until LIGHT BROWN. Dust with confectioners' sugar. The sugar is located in the sugar shaker on top of microwave. If empty, there should be more sugar in cabinet above sink.

### Cinnabon Pretzels...

- These are located in the freezer. They are cooked in the microwave. Just put the cinnabon pretzel in the microwave right in the bag. [instructions are on the bag] Cook for 50 – 60 seconds. Open bag and place on a large paper plate.

### Ice Cream...

- We are carrying Dairy Queen ice cream this year.

### French Fries & Chicken Nuggets...

- Located in the freezer; Cook both in the fryer. Chicken nuggets are 6 per order.

### Nachos...

- The containers for the nachos should be on top of the cheese machine. There are extras in a box under the table. The chips are located beneath the countertop near the cheese machine. There are extra bags of cheese in the cabinet with the nachos. Just pop off the plastic top and screw on the "push button" part from the old cheese.

### Umpires...

- The umpires should not be coming into the snack stand to help themselves. They can come to the counter. They are entitled to a drink and a hotdog.

### Coffee...

- There are little coffee bags located in the cabinet underneath the coffee pot. There are also filters there and extras in the back closet. The cups are located in the cabinet underneath the coffee pot. I also purchased a large box of cups and those cups are on top of the refrigerators in clear plastic sleeves. The lids for these cups are in the cabinet underneath the coffee pot.
