National Federation of State High School Associations Rule 4-2-3 states “If a participant is suspected of having a communicable skin disease or any other condition that makes participation appear inadvisable, his coach shall provide current written documentation from a physician stating that the suspected disease or condition is not communicable and that the athlete’s participation would not be harmful to his opponent. This document shall be furnished at the weigh-in or upon arrival at the site of the dual meet or tournament. Covering a communicable condition shall not be considered acceptable and does not make the wrestler eligible to participate.” Kansas officials have interpreted “current written documentation” to be no more than six days old.
