

I want to thank Wappinger Falls Indians Youth Football for making one of my dreams come true.

I won an all expense paid trip to Super Bowl 45, the experience was amazing. To go to the biggest game of the year, with enthusiastic and energetic fans who share the same passion for the game that I have was electrifying, even overwhelming at moments. From the time you entered the stadium gates there were all different types of entertainment - from live music, cook offs, interviews, and games for all ages.

The NFL and ESPN left no stone unturned when it came to interactive events for everyone. You could test your knowledge on football history as well as test your skills and abilities as a player, play flag football with some of the players and meet the players.

The accommodations were fabulous and all arrangements were made for me, the car was waiting at the airport and breakfast every morning. All I had to do was confirm the itinerary and show up.

*Thank You Again,
Wappinger Falls Indians Youth Football, for making a dream come true!!!*
