United States National Soccer Player Visits South Shore Soccer in West Babylon

(West Babylon, NY July 2009) On Thursday, July 16, 2009 former US National Soccer Player, Christopher Armas, came to the fields of South Shore Soccer in West Babylon to sign autographs and take pictures.

Several South Shore soccer players attended the event and all got the opportunity to have their t-shirts and soccer balls signed by Mr. Armas. Many even got to have their picture taken with him too!!

Raised on LI, Armas played for the Long Island Rough Riders for two years before he went on to spend the next twelve playing Major League Soccer for Los Angeles Galaxy and Chicago Fire. He also spent four years playing for the U.S. National Team.

After the signing of autographs, Armas conducted a training session with West Babylon's United BU-16 team. The team was honored to get the opportunity to practice with a professional player "who really knows his stuff".

United recently won the regional qualifiers at US Club Soccer's premier event held this past Memorial Day weekend in LaGrangeville, NY. They will go on to compete for the national cup finals in Virginia Beach, VA.
