

## Volunteering

As with any parent-run organization there is a certain amount of help that is required to assure smooth operations resulting in the best possible experience for the children participating. Thankfully, we've been very fortunate in this area. Many, many people offer to help out regularly with the various projects going on in and about the Little League.

With this in mind, we thought that it might be beneficial to have a coordinated Volunteer effort so that anyone who is interested in lending a hand can find his/her favorite place to help **and** that we have enough help in all areas.

Listed below are all of the areas that require parental support. Obviously some areas require more time commitment than others. We like to think that there is a place and a time for everyone.

If you would like to donate your time in any of the following areas, please contact Colleen Queen at [colqueen@verizon.net](mailto:colqueen@verizon.net).

Thank you so much for your continued support! We really have a lot of creative things going on and that is to your credit as parents who are willing to pitch in.
