

# WWAA WESTGATE/WESTSIDE ATHLETIC ASSOCIATION

## RAINOUT INFORMATION

Rainout determinations are made by the groundskeeper for the West Omaha Baseball Association (WOBFA), the organization that owns the fields that WWAA plays on. This determination is typically made between 7 and 8 AM on weekends and by 4:00 PM on weekdays. This information is then posted on WWAA's web site and WWAA Coach's Rainout Number. The coaches are responsible for making sure that their teams are informed when games are canceled.

In some cases, weather and field conditions are favorable at the time the WOBFA groundskeeper makes this determination but subsequently change for the worse. If field conditions worsen before or during games in progress, the WWAA Field Director and/or umpires will typically make a determination if the game can be played at game time. So, unless you have heard otherwise from your coach, you should plan to show up for your scheduled game.
